About The Academy of Acute Care Physical Therapy. The Academy of Acute Care Physical Therapy (AACPT) is composed of more than 3,000 physical therapists, physical therapist assistants, and physical therapy students who are members of the American Physical Therapy Association.

The handbook was “created primarily for physical therapy students and clinicians unfamiliar with the acute care environment” (p. ix) and, as such, assumes that the reader has a baseline knowledge of physical therapy (PT) assessment and treatment techniques from other sources.
