Dr. Cory Gaconnet is an anesthesiologist in San Diego, California. He received his medical degree from Uniformed Services University of the Health Sciences and has been in practice between 11-20 ...

But once an employee provides “complete and sufficient” certification signed by the healthcare provider, the employer may not request additional information from the healthcare provider. So, when the employer required a doctor’s note for every FMLA-related absence—doctor’s appointment or not—it was a violation of the FMLA.

Progress notes must convey that the psychiatrist provided quality care and respected the patient’s condition and wishes. Knowing what information to include—and what to leave out—can help you and your colleagues avoid a malpractice judgment. Follow these 10 dos and don’ts of writing progress notes: 1. Be concise.
