A coming-of-age memoir for modern times, *Bleeder* is the incredibly compelling tale of author Shelby Smoak. A hemophiliac, Smoak discovered he had been infected with HIV during a blood transfusion at the start of his college career.

A coming-of-age memoir for modern times, *Bleeder* is the compelling tale of hemophiliac Shelby Smoak, who discovered he'd been infected with HIV during a blood transfusion at the start of his college career. This destabilizing news led Smoak to see his world in a startling new perspective.

In *Bleeder*, Shelby Smoak chronicles his life as a young man—he goes to college, falls in and out of love, lands his first real job, struggles with credit card debt, moves back in with his folks, puts in an obligatory stint as a bookseller at Barnes & Noble—all of which will seem achingly familiar to anyone who came of age in the 1990s.
