Career Killers/ Career Builders, Book Every Millennial Should Read by MoneyFocus · April 17, 2017 An eye-opening book that helps young professionals and college students reach their potential by avoiding the most dangerous life choices that can cause them to ruin their careers is now available in paperback and online .

Even though John Crossman's book "Career Killers/Career Builders: The Book Every Millennial Should Read" is aimed at millennials, its lessons apply to anyone in the workplace. I found this slim text to be unique in its focus on ethical behavior and people and relationships.
