Creating Women is a rich, interdisciplinary, anthology of primary source material examining women's participation in and contributions to western culture over the centuries. It documents prevalent concepts of the nature of women and women's roles and status in diverse cultures, geographic locations, and periods of western civilization.

We deliberately chose our title, Creating Women, because, in addition to its obvious reference to creative women, it reflects another important dimension of Western civilization: The ways in which societal notions of gender (masculine/feminine) and gender roles have in essence "created" and/or "constructed" women.
