Faith-Rooted Organizing introduces to the church the idea that community organizing and our faith as Christians, which often seem at odds, can be integrated. And more than that can actually flow from a spirituality that embraces our call to love God and love neighbor! I loved Alexia Salvatierra and Peter Heltzel's book.

"As one whose life and faith was greatly influenced by farmworker struggles and community organizing in the Central Valley of California, I found Faith-Rooted Organizing a thought-provoking and inspiring read. Not for the casual reader, the book provides a comprehensive and in-depth survey of community organizing in the faith-based context.
