

# Download Gray Foy Drawings 1941-1975

Exhibition and Monograph. The Fall 2018 exhibition and the publication *Gray Foy: Drawings 1941–1975* present Foy's life and art in depth. Many of the drawings are being published and exhibited for the first time, including his largest work, at 13 by 51-1/2 inches, a scroll entitled *The Third Kingdom* (1961–62).

*Gray Foy: Drawings 1941-1975* [Don Quaintance, Gray Foy, Steve Martin, Lynn M. Herbert, Alexis Rockman] on . \*FREE\* shipping on qualifying offers. This elegant and distinguished book showcases the unique and mesmerizing art of mid-century American artist

Gray Foy (1922–2012) first came to public attention in 1946 when one of his drawings appeared in the pages of *View*, the premier American Surrealist magazine of the day. He was a consummate draftsman, and although the style of his drawings from this period displays the unmistakable influence of ...
