African American's are credited for having a profound impact on the American music industry. During the great migration which was after world war 1 in which many African Americans moved up North Jazz was invented. The unique sound brought to attention many black Artists, the most famous being Louis Armstrong.

There is so much that can be said about jazz that I feel ill-equipped to even attempt to answer this question. Be that as it may, I feel compelled to speak, even if I fail to fully express myself. Black folks in America have historically always b...

Maryland is fortunate to have a number of African Americans who made important contributions to our nation. During Black History Month, I would like to highlight the achievements of several African Americans born in Maryland. Frederick Douglass — was born a slave in 1818 in Easton, Maryland.

Developed with the guidance of African American librarians and subject specialists, The African American Experience: The American Mosaic has the widest depth and breadth of information available of any online database collection on African American history and culture. The African American Experience: The American Mosaic encompasses the myriad contributions of individuals from the African ...

Jazz, music and an African American art form. Larger ensembles started up often using written orchestrations. The style of jazz known as Swing followed with groups led by Fletcher Henderson (with scores by Don Redman), Paul Whiteman (with Bix Beiderbecke), Chick Webb, Jimmie Lunceford, and Bennie Moten.

Jump to navigation Jump to search. Jazz is a music genre that originated in the African-American communities of New Orleans, United States, in the late 19th and early 20th centuries, and developed from roots in blues and ragtime.
