Firstly the title is misleading. It's organised in such a way that it's not possible to learn in your car without the pdf file. So unless you're parked up, it's not really an effective way to learn. It could be more effective if there were some English narrative, like in the pdf, but instead it's a random collection of words and phrases.

And now with Learn in Your Car from audible.com®, you can turn your PC, your Rio, or any mobile device into your own personal language tutor. Publisher's Summary Listeners learn pronunciation, vocabulary, and grammar of Italian without the need of a textbook.
