Math Problems. Studies have shown that students who practice math problems frequently have better math grades. Too often, parents and teachers think students do not have an aptitude for math when the problem actually lies in the lack of math practice.. Use our fun worksheets and resources to engage kids and help them get better at solving math problems:

About Grade K Math. As per kindergarten curriculum, Math learning focuses on two critical areas: (1) representing and comparing whole numbers, initially with a set of objects, (2) describing shapes and space. At kindergarten, the major focus is put on learning numbers and its related concepts than any other topic. 1.

A.1 Learn to count - up to 3. A.2 Count objects - up to 3. A.3 Count dots - up to 3. A.4 Count shapes - up to 3. A.5 Count using stickers - up to 3. A.6 Count on ten frames - up to 3. A.7 Show numbers on ten frames - up to 3. A.8 Represent numbers - up to 3.

Numbers and counting up to 3. A.1 Learn to count to 3. A.2 Count to 3. A.3 Count using stickers - up to 3. A.4 Count on ten frames - up to 3. A.5 Show numbers on ten frames - up to 3. A.6 Represent numbers - up to 3.

Math Games. In Kindergarten, it's time for children to solidify their grasp of numbers and geometric shapes. Math Games gives them the opportunity for extra practice at this as they bounce their way through enjoyable games! Knowing how to count and use numbers is key in this grade, according to the Common Core State Standards for Mathematics.
