10 Reasons Why Sugar Gliders Should Not Be Kept as Pets 1. They Require Specialist Care. The care of a Suggie is much different than the care of a hamster,... 2. Most People Can't Offer Enough Space. It's a sad truth that most people cannot provide these... 3. Vets Find It Hard to Treat Them. ...

Sugar gliders are amazing creatures and a wonderful pet however, they are not as easy to raise as one may think. This book explains the difficulties of owning a glider and some great techniques for caring for them.

Do Sugar Gliders make good pets? – the pro's & cons Hi, my name is Dr. David Brust, and I've been a practicing exotic veterinarian for the last 25 years. I'm the author of "Sugar Gliders: A Complete Veterinary Care Guide" – and I'm also the president of the Association of Sugar Glider Veterinarians.

Many people who buy sugar gliders on a whim come to realize that their home is simply an unsuitable environment for this type of animal. When kept as "pets," they are denied everything that's natural and meaningful to them—the companionship of their own species, fresh air, the outdoors, and the opportunity to climb or do almost anything ...

Reasons Not to Get a Sugar Glider as a Pet Although sugar gliders resemble small pets like guinea pigs and hamsters , they have very different needs and are more demanding pets. As explained by Suggie Savers, a non-profit sugar glider rescue organization, there are quite a few reasons why sugar gliders do not make the best pets: 4

Sugar gliders are amazing creatures and a wonderful pet; however, they are not as easy to raise as one may think. This book explains the difficulties of owning a glider and some great techniques for caring for them.

Having sugar gliders as pets is a serious responsibility that should not be taken lightly. Because they are exotic animals, caring for them is not as easy as it would be to care for a dog or cat. They have some highly specialized needs that you will have to learn about so you can take proper care of them.

There are a lot of places that sell sugar gliders that should really be avoided, so it is important to know how to tell the good places from the bad. This could mean the difference between getting a healthy sugar glider from the start or getting a glider that has not been properly cared for.

Sugar Gliders are NOT "rodents". They are marsupials, in the same general family as a Kangaroo or a Koala Bear. As such, they are proven to have several distinct advantages over other household pets such as hamsters, gerbils, ferrets, squirrels, etc..

Now, we keep about a dozen gliders around as pets but no longer offer sugar gliders for sale, choosing to focus instead on other glider missions. Buying Sugar Gliders - what you need to know If you're not really familiar with sugar gliders, perhaps only saw them at a mall, fair, or pet store, you really should read this first .
