Daugirdas is Clinical Professor of Medicine in the Division of Nephrology and Hypertension at the University of Illinois at Chicago. Established in 1995, the Belding H. Scribner Award is presented to individuals who have made outstanding contributions to the care of patients with renal disorders or have substantially influenced the clinical practice of nephrology.

For 30 years, the American Kidney Fund Clinical Scientist in Nephrology (CSN) fellowship program has funded researchers whose work is designed to improve diagnosis, treatment and outcomes for patients living with chronic kidney disease (CKD) and has promoted clinical research in nephrology.

Clinical Nephrology is a specialty of medicine that concerns itself with the study of normal kidney function, kidney problems, the treatment of kidney problems and renal replacement therapy including dialysis and kidney transplantation.
