Start Talking contains more than 113 questions girls ask including questions about periods

'Start Talking' is a girl's guide for you and your daughter about health, sex and whatever else you may come across. It is great at questions and answers from the top to the bottom of our bodies. All those things women have to learn about and control. And it goes on from there to some of the harder questions of relationships and body image.

A Q&A guide for mother-daughter conversations about female health and sexuality, this book targets both daughters and mothers. START TALKING addresses more than 113 questions girls ask including questions about periods, sex, relationships, guys, eating, exercise, body development, along with similar questions verbalized by mothers.

Start Talking contains more than 113 questions girls ask us every day about, well, everything: periods, sex, relationships, guys, eating, exercise, and more. There are also great ways to get your mom involved. This book can be a fresh start for both of you. The truth is, daughters want to talk—to their moms.

Start Talking: A Girl's Guide for You and Your Mom about Health, Sex, or Whatever [An Inside Look at the Details Even She Doesn't Know!] (published in 2008 by Bayou Publishing, 2425 Nottingham, Houston, TX 77005). I am perhaps not the best person to review a book about health, hygiene, and sex instruction for teenage girls because first I ...

I so wish that Start Talking – A Girl's Guide for You and Your Mom, about Health, Sex, or Whatever had been available when I was young, not that my mother would have read this book, but it certainly would have been worth my while to nab it from the local library. Mary Jo Rapini and Janine Sherman have written a sex guide that answers every ...
