The Complete Book of Incense, Oils & Brews. Well Scott Cunningham has did it again. I love this author, he knows how to write on a subject and make it simple to follow and understand. This book is well written and illustrated. The information on how to make your own incense, oils and brews are easy to follow and create.

The book's tone is more instructional rather than spiritual, especially compared to Cunningham's other books. If you are looking for in-depth information about magical herbs and oils, I highly recommend reading Cunningham's Encyclopedia of Magical Herbs and The Magic of Aromatherapy in addition to The Complete Book of Incense, Oils, and Brews.
