The Posthumous Nobel Prize in Chemistry Volume 1 Correcting the Errors and Oversights of the Nobel Prize Committee Edited by E. Thomas Strom and Vera V. Mainz. American Chemical Society. ACS Symposium Series. Examines the significant number of chemists who did Nobel Prize-level work but did not receive the award

NO The posthumous rules changed in 1974. Before 1974, a person could be awarded a prize posthumously, if he or she had already been nominated, which was the case with Erik Axel Karlfeldt (Nobel Prize in Literature 1931) and Dag Hammarskjöld (Nobel...

The Nobel Prize in Chemistry is awarded annually by the Royal Swedish Academy of Sciences to scientists in the various fields of chemistry. It is one of the five Nobel Prizes established by the 1895 will of Alfred Nobel, who died in 1896. These prizes are awarded for outstanding contributions in chemistry, physics, literature, peace, and physiology or medicine. As dictated by Nobel's will, the award is administered by the Nobel Foundation and awarded by the Royal Swedish Academy of Sciences. The

Get this from a library! The posthumous Nobel Prize in chemistry. [E Thomas Strom; Vera V Mainz; American Chemical Society. Division of the History of Chemistry.]; -- A humorous overview and history of the Nobel Prizes, generally, and the chemistry prize in particular; who won, and why.
